To remove an existing low garden wall with fencing above, then damp proof and rebuild the wall and replace fence panels.

10 / 10

Chris, a young cheerful character, didn't waste any time in preparing his tools for the job. After knocking down the old wall, he rebuilt with new bricks placing a damp proof membrane between the boundary wall and the new wall, replaced the fence boards and cleaned up after he finished. He worked for nearly eight hours not wasting any time. A real nice person who did a professional job. I will certainly recommend him.

I was very happy with the service and quality of skill provided by Total Property Solution. The workman work very hard and was extremely tidy and organised. Nothing was a bother to him, even with my daughter bouncing around. Have already passed his number to friends and family as I would recommend him to all.
